Saint Anne Parish Positive Momentum Continues!

The campaign committee would like to thank all the families who have contributed to this campaign and have made it a great success. We have already received **$1,329,424** in pledges from just **225** parish families. We still haven't heard from over 1,000 registered families. We hope to hear from those families very soon. Please keep in mind that the 2010 BFA target has been incorporated into the campaign. Also, remember that Saint Anne Parish will use the money we receive back from the campaign to address our own special projects.

One of our goals is to have 100% participation. If you have not yet responded, WE STILL NEED YOUR HELP!!! **Our campaign is based on every family making an equal sacrifice, not an equal gift.** Prayerfully consider what you can do to support this campaign for both our parish and our diocese. Please respond generously. It is only through prayer and sacrifices that we can make this historic project a success. Make your gift today to help reduce the number of phone calls our campaign committee will have to make over the next few weeks.
